WebAssign - Inquiry into Physics 7th edition

Inquiry into Physics (7th Edition) View more editions 76 % (309 ratings) for this book. If the car accelerates from rest the resistance force due to air opposes the motion, and when the car decelerates the resistance force due to air help to decelerate. So the car can decrease their speed much more rapidly than they can increases it. So the deceleration of the most cars is more than the acceleration when it starts from rest.
