1 Professional Standards for Educational Leaders Itâ€™s the end of another Thursday, and in schools around the country, educational leaders are shutting down their computers and heading home after another full-

Professional Standards for Educational Leaders

This study was motivated by the premise that no nation grows further than the quality of its educational leaders. The purpose of this theoretical debate is to examine the wider context of leadership and its effectiveness towards improving school management. This academic evaluation examines recent theoretical developments in the study of educational leadership in school management.

Introduction. Children with disabilities are one of the most marginalized and excluded groups in society. Facing daily discrimination in the form of negative attitudes, lack of adequate policies and legislation, they are effectively barred from realizing their rights to healthcare, education, and even survival.
