Targeted Implementation and Planning Supports for Revised

Here are two more practice on-line tests. When you get to the end the computer will ask you to review your answers. Go back and ensure you have answered all the questions, shown all your working and not made any silly mistakes.

Interactive White Board Tool - Maths with Graham

Summary of Lesson Plan: In this lesson plan, students use an online digital spinner builder to conduct a chance experiment. They make predictions before investigating why their results may be different to their predictions. Students also explore how the likelihood of outcomes can be changed as well as different ways of recording and describing probabilities.

The Programme for International Student Assessment (PISA) is a worldwide study by the Organisation for Economic Co-operation and Development (OECD) in member and non-member nations intended to evaluate educational systems by measuring 15-year-old school pupils' scholastic performance on mathematics, science, and reading. It was first performed in 2000 and then repeated every three years.

Programme for International Student Assessment - Wikipedia

Hi there MissLoveHart, Our lovely resource creation team have created this and emailed the new resource to you! It will also be available to download within 48 hours, and you can find it either as a new resource, or under 'Alternative versions' above.
