Factory Farm Pollution In today's world there are a host of serious environmental problems, and factory farming is one of the top causes of pollution. [1] Scientific research has found that factory farming's method of crowding and confining animals in warehouse-like conditions before killing them and mass-producing both "meat" from cows, pigs and chickens as well as dairy and eggs ...

Food, Inc. is a 2008 American documentary film directed by filmmaker Robert Kenner. The film examines corporate farming in the United States, concluding that agribusiness produces food that is unhealthy, in a way that is environmentally harmful and abusive of both animals and employees. The film is narrated by Michael Pollan and Eric Schlosser.. The film received positive responses and was ...
