Edsel is an automobile marque that was planned, developed, and manufactured by the Ford Motor Company for model years 1958 through 1960. With the Edsel brand, Ford had expected to make significant inroads into the market share of both General Motors and Chrysler and close the gap between itself and GM in the domestic American automotive market.

Critics frequently point to the redistributive effects of quantitative easing. For instance, British Prime Minister Theresa May openly criticized QE in July 2016 for its regressive effects: "Monetary policy â€" in the form of super-low interest rates and quantitative easing â€" has helped those on the property ladder at the expense of those who can't afford to own their own home."

Babylon 5 (1993â€“1998), created by J. Michael Straczynski, is a science fiction television epic about Babylon 5, an Earth-governed space station built to promote harmony between interstellar civilizations. It is unusual in its focus on a story arc which dominates the events through its five-year run.

Two-factor authentication isn't our savior. It won't defend against phishing. It's not going to prevent identity theft. It's not going to secure online accounts from fraudulent transactions. It solves the security problems we had ten years ago, not the security problems we have today. The problem ...
