A person's second language or L2 is a language that is not the native language (first language or L1) of the speaker, but is learned later (usually as a foreign language, but it can be another language used in the speaker's home country). For example, there are two official languages of Canada (English and French) and some people use both. A speaker's dominant language, which is the language ...

A CPU cache is a hardware cache used by the central processing unit (CPU) of a computer to reduce the average cost (time or energy) to access data from the main memory. A cache is a smaller, faster memory, closer to a processor core, which stores copies of the data from frequently used main memory locations. Most CPUs have different independent caches, including instruction and data caches ...
